**BEST SELLING BARNHOUSE BUILD-A-BAND SERIES PUBLICATIONS**  
*By Andy Clark*

The **Build-A-Band Series** provides educational and enjoyable music for bands with incomplete or unbalanced instrumentation. Written using just four or five parts (plus percussion), these effective arrangements will work with any combination of brass, woodwind, string and percussion instruments as long as you distribute the parts so that each of the five parts is covered.

All of the publications in the **Build-A-Band Series** have been arranged to be playable with any instrumentation as long as each part is used: 1st Part, 2nd Part, 3rd Part, 4th Part, and Bass Part. (Please note: In some of these arrangements the 4th Part, and the Bass Part are the same, making it possible to play those arrangements with only 4 parts.)

Also included are various percussion parts which are optional, but will add a great deal to the musical effect. The optional keyboard part can be performed on piano, electric keyboard or any other keyboard instrument, and will help fill out the sound of a small group. Optional guitar, mallet percussion and Timpani parts are also included where appropriate.

**Flexible musical works for challenging instrumentations!**
